Session 1

Assignment 2 Question

Session 1: Assignment 2

Table of Contents

1. Introduction

This assignment will help you to consolidate the concepts learnt in the session.

2. Problem Statement

Write a program which will find all such numbers which are divisible by 7 but are not a multiple of 5, between 2000 and 3200 (both included). The numbers obtained should be printed in a comma-separated sequence on a single line.

NOTE: The solution shared through Github should contain the source code used and the screenshot of the output.

3. Output

N/A
